FOUNDED A. D. 1892

Volume XXXV

*Published by the students of the Central High School
at Grand Rapids, Michigan*

CARRIE HEATON

*To Carrie Heaton, head of the English
department, who has given to Central's
students not only an appreciation of the
best in literature and the highest ideals
of scholarship and life, but also an
abiding vision of world peace, the class
of 1927 gratefully dedicates this annual.*

*"Over his keys the musing organist,
Beginning doubtfully and far away,
First lets his fingers wander as they list,
And builds a bridge from Dreamland for his lay."*

In Memoriam

JENALICE SWIFT THOMPSON

Enthusiastic participant in Central's activities.

Loyal member of the Class of 1927.

Faithful friend.

*There is no wind but soweth seeds
Of a more true and open life,
Which burst, unlooked for, into high souled deeds
With wayside beauty rise.*

—LOWELL.

*So every year that falls
with noiseless flake
Should fill old scars up on the
stormward side.*

*Dear sights and sounds that are to me
The very rooms of memory
And stir my heart's blood far below
Its short-lived waves of joy or woe.*

—LOWELL.

*Anon out of the earth a fabric huge
Rose like an exhalation, with the sound
Of dulcet symphonies and voices sweet--*

—MILTON.

*Here the white throat builds and all the swallows.
Hark, where my blossomed pear-tree in the hedge
Leans to the field and scatters on the clover
Blossoms and dew drops—*

—BROWNING.

*Then think I of deep shadows on the grass,
Of leaves that slumber in a cloudy mass,
Or whiten in the wind—and of a sky above
Where one white cloud like a stray lamb doth move.*

—LOWELL.

*O, the old wall here! How I could pass
Life in a long Midsummer's day
My feet confined to a plot of grass
My eyes from a wall not once away.*

—BROWNING.

*For wisdom is better than rubies
And all things that may be desired
Are not to be compared unto it.*

—PROVERBS.

*"'Twas the proudest hall in the North countree,
And never its gates might opened be,
Save to lord or lady of high degree."*

The Senior Advisory Board

THE Senior Advisory Board of the past year consisted of four members of the Senior Class: Leigh Chatterson, Barbara Vander Vort, Lulu Taber, Joseph Russell; and four members of the faculty: Miss Hayes, Miss Holt, Mr. Robinette, and Mr. Smith. After Mr. Smith's severe illness at Christmas time, Miss Heaton took his place.

The Advisory Board, as its name implies, advises the class on important decisions. All proposed Senior activities must receive the approval of this board before they can be submitted to the class for rejection or approval. The Class Play is chosen by this group and also the Class Artist.

When matters of precedent are in question Mr. Switzer and Miss Daniels help in the deliberation of the board. The work of the Advisory Board is very important, and the efforts of its members should be appreciated by the Senior Class.

First Row: Lulu Taber, Willard Kingsbury, Leigh Chatterson, Barbara Van der Vort, Gale Saunders.
 Second Row: Lorna Hewer, Marian Lamb, Carl Rowe, Joseph Russell, Nancy Frohne, Margaret O'Connor.
 Third Row: Elizabeth Howard, Jack Newville, William Billings, Ilo Koning, Margaret Coulson.
 Top Row: Lee Graves, Arthur Wilson.

Senior Class Officers

THE Senior Class officers have a most important part in the class. Every officer does his share to make the group function properly. He feels that it is his duty to his class to give the best that is in him in order to make the group of Senior Class officers a splendid influence and guide for the whole school. The class of '27 has as President, Leigh Chatterson; Vice-President, Barbara Vander Vort; Secretary, Gale Saunders; Treasurer, Willard Kingsbury; Advisory Board members, Lulu Taber, Joseph Russell; Poet, Arthur Wilson; Orator, William Billings; Numeral Day Orator, Lee Graves; Spade Orator, Elizabeth Howard; Prophets, Nancy Frohne, Margaret O'Connor, Jack Newville; Artists, Margaret Coulson, Ilo Koning; Class March, Margaret O'Connor; Words to Class Song, Nancy Frohne; Music to Class song, Lorna Hewer; Editor of the Helios, Carl Rowe; Historian, Marian Lamb; Cartoonist, Marguerite Coulson.

First Row: Zelda Mac Naughton, Lois Sandler, Beatrice Loomis, Alma Van Atta, Elizabeth Howard, Lewis, Beatrice Farrell.
 Second Row: Margaret O'Connor, Willard Kingsbury, Kathleen Millington, Margaret Coulson, Gerald Lewis, Beatrice Farrell.
 Third Row: George Roseberry, Martin De Young, William Billings, Arthur Ten Elshof, Joseph Russell, William Mulliken.

Senior Senate

THE Senior Senate is a new organization at Central High School this year, organized to record the attendance in the senior session room and take charge of the order in the session room and in the halls. The purpose of the senate is to stimulate in the seniors, as upper classmen, a greater feeling of responsibility for order and obedience to rules, thereby creating better order in the session room.

There are twelve members in the Senate. Six of these members are chosen by the seniors, and six are appointed by Miss Hayes in conference with other teachers. Nine of these members take charge of the session room during the nine periods of the day. One serves to take the place of absent senior senators if there are any. Two have charge of the halls. This constitutes the duties of the twelve senators.

Meetings of the Senate are held at which Miss Hayes presides. Problems of the Senate are discussed, and suggestions for general welfare in halls and session rooms are made.

As an experiment the Senior Senate has proved very satisfactory and well worthy of continuing.

LILLIAN AMSBAUGH

Ticket Manager, Senior Play (4).

Oh, what a girl she must be if she lives up to the ideals set forth in her winning essay on citizenship. And, we have a hunch that she does.

ROY AINSLIE ANDERSON

Chorus (4).

Is it true that gentlemen prefer blondes? Certainly! Here is proof. Ruth is preferred stock by both boys and girls.

HELEN APTED

MARGEURITE IRENE EBLING

She looks so quiet and so demure, but just get to know her if you want to spend many happy hours in her company.

RICHARD McEWIN EDISON

Easy going Dick is ready to tackle anything, anytime, anywhere. There is no doubt that Dick is better acquainted with the mysteries of the Principal's office than any other senior.

Studious, yet she has a host of friends. It's a dark day she isn't seen with her "Jonathan"—"Kay" Koets.

ALBERT KARL HAASE

And what would we do without "Hasses"? Our most reliable "scandalist" says that he likes to "let no" that he has his physics lesson. Maybe Mr. Smith knows that.

JUNE ANNE HAKES

Chorus (1, 2, 4); Senior Play (4); Centennial Pageant (4).

"What is so rare as a girl like June," to truthfully paraphrase somebody. Our "Prettiest Girl" is as sweet and clever as she is beautiful.

EDWARD M. HERPOLSHMEIER

A sturdy Scot.

ORVAL WILLIAM HOFFMAN

'Twas an ill Saturday that didn't see Orval seated in the grandstands at a game, last football season. He should take the prize as Central's most reliable rooter.

KATHERINE MARY HOLLINGER

Glee Club (4); "Rings in the Sawdust" (4); Orchestra (1).

Our little bird tells us that Kay plays a "hot" sax. This isn't a very widely known bit of scandal, but we have an authority's word for its truth.

EFFIE VIRGINIA HOLLOWAY

"Jinny's" usually cheerful smile is dampened a little at thought of leaving Central, but she'll soon get used to the idea.

1927

History

WHEN Caesar and his cohorts came down from Rome to conquer the unknown land of Gaul, he sent back the message, "I came, I saw, I conquered—Veni—Vidi—Vici." In like manner we, the class of twenty-seven, came wide-eyed and eager from Junior High to Central, our land of promise. We saw there such sights as soon shattered all our illusions and hope of immediate glory, and left us with a very insignificant feeling. As this was the beginning of our career in our land of promise, we were not able to add "Vici," for we did not know what obstacles we should find in this unknown land, and we, who were so hopeful of putting Central on the map, had not realized the stern reality of the fact that in three years we had much to conquer.

We did not arrive in a Ford, nor a ship of Knowledge, no—not even in an aeroplane. To tell how we did arrive, it is best not to invent an elaborate and dignified allegory. Such superfluities might deceive others, but we know that when we first entered high school it wasn't as characters in any such drama. We need no allegory to show the true worth of those of twenty-seven. Yet four years ago what was 1927 to us? A calendar year—nothing more. But we, a band of "freshies," gathered from various schools and cities, and we learned it was as the class of '27 that we should go down in high school history, and that its ignominy or fame was to spring from our failure or success. Soon we rallied in class spirit around the name of '27 to make new history.

Remember that eventful Tuesday in September, 1924? There was such a terrible run on the soap market that people began to wonder what was happening in our fair city. This liberal use of soap and water was explained, however, by the shining appearance of many bright and scintillating "freshies" who trudged about in the halls exclaiming over the wonders of Central. The disappearance of the soap may have been a mystery to some but—well, that

was the year our class started. We weren't just going to school—we were going to high school. On that memorable day as we entered the building we were much surprised to see one of our members, a very bright and enthusiastic little boy, scurrying around excitedly. "Abie" Ginsberg, distinguished from the mob by a brilliant crop of red hair, was very much concerned over the fact that Central had a headless statue at its main entrance. When attempting to explain to others their apparent lack of perception, he discovered that the statue was none other than the Winged Victory, one of the traditional treasures of the school.

Of course, we of 1927 were resolved to show Central a few things, but it did seem as if there were always some upper classmen who were trying to indicate their position of superiority. That supposedly democratic magazine, the Helios, continually published dissertations full of insulting remarks for all "Fresh Men and Women." Although we made an attempt at studying, it seemed, according to the school paper, that our interests consisted mainly of the traditional bottle of milk and "Kiddie Kar".

Evidently our hard won reputation for misdemeanors at Junior High had preceded us, for each teacher eyed us with suspicion until he found out that the class as a whole did not always live up to its reputation.

In our sophomore years some of us became more academically inclined, although encountering many obstacles. In history class we showed our fondness for dates, and although some masticated their dates properly, others who swallowed them whole, were troubled with indigestion. Still others who were studying—I mean taking—geometry, found that although an axiom was a self evident truth, geometry itself was not so self evident. Although we attempted poetry, we became mixed up in the different varieties of feet. And our vanity—how it suffered! We soon learned that "All that goes up must come down" (a la physics), and we had to admit that our soaring pride had been effectively brought down to earth.

After a short intervention of time (called vacation) we were back on the job again, now as Juniors.

This year we lost a staunch friend in the person of Mr. Andrews, our principal. His place was taken by Mr. Switzer, and we feel it is sufficient to say that there is no one whose counsel is more highly valued by the class.

In our Junior year our position became more tolerable, and we felt that perhaps life was worth living after all. We began to assume more responsibility in the activities of Central. The six and six plan, by which the first six years were taken in grammar school and the last six years in high school, was adopted at Central. This resulted in a large number of "little children" in our halls and class rooms, so that we, as Juniors, were able to assume an air of greatly increased dignity (Our revenge was sweet).

The Student Council published the Student's Handbook, which gave a detailed account of all the "ins and outs" of Central. Up to this time we had deemed it best not to show our ignorance, but after reading this handbook from cover to cover, we found many things mentioned which we had never dreamed took place in Central. The student organizations, athletics, and the Helios were the most outstanding among the various activities. It was not long after this that different individuals vigorously applied themselves to the outside activities in which they were most interested. It was during our Junior year that clubs were abolished, and as a result our interests were combined for a more democratic Central.

But time does not stand still; the years slip by. We were seniors at last in the Fall of 1926. The joy, the thrill of it all! However, "All is not gold that glitters," and we soon found that being a senior was not all that it seemed, for we had to work if we wished to keep our title of dignity.

By creating a new organization known as the Senior Senate, the class of '27 has written its name indelibly on the annals of Central. This plan of student self-government has proved very successful in its first year, and we hope that it may continue in years to come.

After much campaigning of various political parties, we elected our officers. We were now organized as a class for the first time, and under the capable leadership of our newly elected president we prepared to carry on our senior activities. It is not often that a class loses its leaders in such a crisis, but our president and the literary editor of the *Helios* were quarantined during April with scarlet fever. In the absence of the president, the class was guided by the vice-president thru that most exciting political meeting, the mock election. We had depended on our literary editor for much of the success of the *Helios* annual but, since she was in quarantine, the class found it necessary to assume more responsibility to make the publication of the annual worthy of the class of '27.

Exams—they would pop at us when everything was just going smoothly. The comprehensive English exam was the delightful (???) privilege of every senior. Even our teachers seemed inclined to believe in the old French saying, "Thou shalt not pass." The majority of us would like to leave the part about semester exams out of our history, yet some of our more studious friends shed many a tear over the realization of the fact that these were their last exams. Life lost its spiciness for these few, for they could see no need of studying without being able to look forward to exams in June. Even semester exams don't last forever, and such thoughts as studying were soon forgotten in our preparation for our senior events.

Then, too, we've had our parties—thanks to the boys. They started the party spirit by displaying their hidden domestic talents when they planned and served the meal at the Hard Times Party. Some of them were experienced cooks, and others will learn with a little more practice. The boys exhibited their extensive domestic talent, which we are sure they will find helpful, in fact, quite essential to their future domestic bliss. We didn't want any lone-some seniors in our class early in the year, so we set aside one week in which to get acquainted, and we completed our celebration with a big "Hello Week" party.

We shall always have pleasant memories of other senior class activities. Among these memories the most outstanding are the development of our stadium, Houseman field; the loyal spirit in which the class turned out with brooms of various descriptions to sweep the snow off the field for the Union-Central fray; our august and dignified challenge to the underlings of room 236 for a higher percentage of *Helios* subscriptions and bank depositors; the dramatic talent which was displayed in several productions among which were the one act mystery play "The Red Owl," and the senior play, "The Goose Hangs High;" and last, but not least, the eventful day when we placed our numerals in front of dear old Central.

The class as a whole participated in these various events, but in addition to these we shall always remember certain outstanding individuals of our class, for the mock election enabled us to discover various truths that we had never suspected about our members. The election of Robert Boshoven as handsomest man in the class was hard on the many would-be Apollos. Lee Graves won the coveted title of the best all-around boy in the class. Poor wee Willard Wilcox! The only enjoyment he could get out of Latin was to see if he could get a higher mark than William Billings. Our star athlete, "Rosey" is already on his way to fame, for he has acquired the title "Coach Roseberry" (a la Coryell).

Our senior year is now over, the history of the class of '27 is made. From the many bright and amusing experiences that went to make up our history,

we are tempted to name our four years of high school by the application of Shakespearean titles; for our Freshman year was "Comedy of Errors"; our Sophomore year, "Much Ado About Nothing"; our Junior year, "As You Like It"; and finally our Senior year, "All's Well That Ends Well."

Now at the exodus of the class of '27 we still feel that we must omit "Vici", for we have yet to conquer. For as Caesar triumphed victorious in his battles in Gaul, so we have triumphed in the years spent in our land of promise. But as Caesar continued in his wars to conquer the then known world, so we must continue to fight our battles in the business world and in the higher institutions of learning. Although an attempt has been made to set forth the facts of our high school history in these columns, we feel that not for many years can the true history of the class of '27 be written, for our graduation from high school is but one step in this path of growth. We, the class of '27 will hope to achieve the highest by constant heed to our class motto, "Doing Becomes Habit, Habit Becomes Character; Character Lasts Forever."

MARIAN LAMB,
Historian, Class of '27.

Senior Class Meetings

THE activities of the class began early in the fall with "Hello Week" and the "Hello Week Party."

On November 10 the class met in 104 to hear the results of the election of class officers which was the first large event of the Senior class. Everyone was well entertained by music and dancing furnished by the talented members of the class.

December 8 was the date of the first formal meeting of the class, at which the standing committees were appointed. Later in the same month Herkiner was chosen as the class jeweler.

After a great deal of discussion Coulter's was decided upon as the class photographer, February 2.

At a very important business meeting March 7, Apricot and Nile Green were chosen as the Class Colors, while mixed sweet peas were accepted as the Class Flowers. The returns of the class day election were announced at this meeting.

After the most exciting mock election, held upon the very appropriate date of April 1, everyone went home feeling better acquainted with his fellow classmates.

On Numeral Day, May 4, the class numerals were placed on the front sidewalk along with those of the former classes.

"The Goose Hangs High," the Senior play, was splendidly enacted on May 6 and 7 and brought great renown to the Class of '27.

Class Day, June 10, was a memorable event for all the Seniors. Many were the compliments received by our speakers and the composers of the class song and march.

June 24, Commencement Day, graduated us from the realms of high school and the Senior Banquet brought to a close our happy four years at Central. Everything would have been perfect had it not been for the thought of leaving dear old Central and all that it means to us.

GALE SAUNDERS, Secretary.

Prophecy

The tournament gay was over now
And with weary steps and slow
The coal black steed and the gallant
knight
Triumphantly home did go.
They'd cantered many and many a mile
But the sun was still a'gleam
When to water his horse and rest
himself
The knight lingered at a stream.
He flung himself down on the rivulet's
bank
With his shield close by his side.
As the bright sun played on its shining
face,
A strange sight he espied.
For mirrored there on its shining steel
By the sunlight's dancing rays
Was the prophecy, whether it be false
or true
Of this class' future days.

B. Widdicombe, 'tis said, got left at the altar;

Bax Woodman, the human fly, never dares falter.

The noble Knight tried, but no more
could see

For the sun was sinking fast.
The shield remained but the vision was
gone,
And the knight arose at last.

Then mounted his charger of midnight
black

And wondering went on his way.
And oft he relates for the pleasure of
kings

The vision he had that day.

Numeral Day

Numeral Day, which has in the short space of three years taken its place side by side with the most ancient traditions of Central High, was observed this year on the afternoon of May 4. At this time, according to custom, the bronze numerals of the Class of '27, which had been placed in the sidewalk in front of the building, were unveiled by the boy and girl of the Senior Class with the highest scholastic record for the high school course.

The program, which was presided over by the Class President, Leigh Chatterson, follows:

The Dream of '27

*This dear and faithful school of ours
That stands upon a hill,
Is a place possessed of god-like powers
That hold us to its will —
A mass of brick piled high by hands
That bear the human mark,
At morning golden as the sands
Which purple with the dark.*

*This is our school, the school of our song.
A structure massive, grand,
Enlightened by a student throng,
A youthful, care-free band:
Enriched by this, a mighty part,
It flaunts its beauty high;
Yet as I watch, within my heart
I feel a darkening sky.*

*Surely within these portal'd halls
Dwells only what is fair,
Dwell those whose high ambition calls
To struggle and to dare.*

*Too perfect, this, too absolute,
And too ideally drawn.
It makes us fear with pain acute
The coming of the dawn.
Too perfect — ah, a class in space,
'Tis not of common thralls,
And yet it moves with lovely grace
Down old familiar halls.*

*It goes light-hearted and serene,
As passing classes do;
And though it catches heaven's sheen,
It has an earthly hue.
So faultless in that flawless stretch,
So lovely and so fine,
Against the light we see the etch,
A future in design.*

*It is the dream of '27.
Ah, who is here who can
Appreciate the works of heav'n
But through the works of man?*

ARTHUR W. WILSON.

*"Everything is upward striving;
'Tis as easy now for the heart to be true
As for grass to be green or skies to be blue,
'Tis the natural way of living."*

Helios Advisory Board

THE Helios Advisory Board is the governing body of both the Annual and Monthly Helios. This year the membership of the board has been increased from eight to ten by the addition of the printing instructor, Mr. Wright, and the student Circulation Manager. Of the ten members, five are members of the faculty and five are students. Meetings are held every other week, at which time general business is transacted and the policy of the Helios is regulated. It is also the duty of the board to select the staffs for both Annual and Monthly.

The Board is composed of the following:

Miss Clay	Literary Adviser
Miss Maurine Jones	Jokes Adviser
Mrs. Louise G. Bohlen.....	Art Adviser

The Student Council

THE Student Council feels that this year has been a successful year, although not an outstanding one. Its activities began with the raising of money for bunting and flowers to be placed on the monument on Armistice Day. At Thanksgiving time money and food were collected to be given to the Welfare Union.

During the last semester, two very interesting assemblies were ably presided over by William Billings, president of the Council. At these assemblies prizes of currency, medals and books were awarded to the different winners in essay contests.

The Council has had a membership of forty-two, with an average attendance of thirty-five. Through the interest and co-operation of these members much has been done to further the interest in the right type of school spirit.

The Student Council wishes to thank Miss Daniels and Mr. Switzer for their interest and help throughout the year.

The "C" Club

THE "C" Club was organized in February 1926 with the purpose of promoting better school spirit, cleaner athletics, and developing closer friendships among Central's athletes. Boys who have earned varsity letters, service "C's", or who have been senior managers and yell leaders are eligible for membership.

The club was rather unfortunate in having only eight out of its former twenty-five members return last fall. Very few meetings were held until February when new members were received from the football squad. Since that time many interesting meetings have been held in the school building and in the club rooms of the Y. M. C. A. At one of the meetings Paul Goebel gave a very interesting talk. In February the club gave a successful inter-semester party to which the whole school was invited.

The members wish to extend their appreciation to Mr. "Sherm" Coryell, faculty advisor, for the help and hearty co-operation so willingly given them.

Agona Athletic Association

THE Agona Athletic Association is an organization which is working for the good of the school by promoting athletics, scholarship, and fellowship.

The association has enjoyed a very successful year, and it feels that it has taken great steps toward accomplishing the purpose for which it was founded.

The members served refreshments to the Basketball teams after all the home games, in addition to their weekly sandwich sales. The regular meetings of the club were held every Thursday in the gym office. Many parties, hikes, and spreads were also held during the year. In March the members enjoyed a house party at Camp Keewano. All the new members were taken in after the hockey and basketball seasons.

The club, according to its custom, gave the small Tri-Honor cup, and left a memorial to the new girl's gymnasium.

The members greatly appreciated the assistance given by Mrs. Mitchell and Miss Maxwell.

The Hi-Y Club

THE HI-Y Club is an organization connected with the Y. M. C. A. which stands for clean speech, clean living, clean sports, and endeavors to promote Christian Fellowship. The Club has had a very successful year. At Thanksgiving time and also at Christmas time, clothing and baskets of food were delivered to needy families in the city. Meetings have been held regularly every Monday evening at the Y. M. C. A. Good speakers and the discussion groups made them very interesting.

The club continued last year's plan of financing the lunches which the Agona Athletic Association served to the Basketball teams after all the home games. It also sent twenty boys to the "Older Boys' Conference" and gave the small Gordon Scott Cup this year.

One of the twenty boys of the United States chosen by the "Y" council to attend the International Hi-Y Conference was Warren Daane of Central.

The Junior Hi-Y

THE Junior Hi-Y Club at Central was organized in December by the Senior Hi-Y. Twenty charter members formed the nucleus of this active organization. At the present time thirty-five boys attend the meetings of the club.

Interest in the organization was shown from the very first. The officers were elected immediately so that the necessary committees for carrying on the business of the club could be chosen. A Constitution was drawn up and submitted to the club in January. The necessary changes were made in it to suit the majority. Later in the year the preparations for the constructive work in the new semester were planned.

Although it is a very new organization, the meetings are held every Friday evening at the Y. M. C. A. from seven until eight o'clock. The interest already shown by its members indicates that it is one of the fast developing organizations of the school.

National Honor Society

THE chapter of the National Honor Society, which was formed about the middle of the second semester, is a new organization at Central this year.

The aim of this chapter is to create an enthusiasm for scholarship, to stimulate a desire to render service, to promote worthy leadership, and to encourage the development of character in pupils.

Membership in this chapter is based on the four cardinal objectives which are stated in the constitution, scholarship, character, leadership, and service. Students eligible to election must stand in the first fourth of their class in scholarship, and must have spent at least one year in Central High School. In the 11-2 grade not more than five per cent of the class may be elected. In the 12-1 grade ten per cent may be taken in, and in the 12-2 grade the remainder of the fifteen per cent which constitutes the total membership in a graduating class, may be chosen.

The emblem of this society is the keystone and flaming torch. The keystone bears as its base the letters, S. L. C. and S. which stand for the four principles of the organization.

Mathematics Club

THE Mathematics Club was organized last year. Its purpose is, "To study mathematics in any of its branches and try to gain a clearer insight of them therein." One is eligible for membership if he is taking or has taken some form of higher mathematics. He must also maintain an average of "B" in all of his mathematics.

The Club meets in the club rooms every two weeks on Wednesday, and the members have a good time solving mathematical tricks and puzzles. Some of the meetings are dinner meetings. This year interesting talks, relative in one way or another to the study of mathematics have been given by Mr. Greeson, Mr. Snell, Professor White, Mr. Wilcox and Mr. Barber. On January twenty-ninth the members held a dancing party in the lunch-room.

The club has also been entertained by local talent. One of the meetings was devoted to music; another to a play on the sliderule given by those who have had public speaking.

The club owes its success to the co-operative efforts of Miss Wilson who has given a great deal of her time to its advancement.

Campfire Girls

THERE are five Campfire groups at Central. Mrs. Anderson has the older girls who have been Campfire Girls for four or five years. Miss Dorothy Nix, Miss Betty Whipple, and Miss Marion Gavett have groups of older girls also. Mrs. McAlpine has a group of younger girls, most of whom are new to Campfire.

The Campfire Girls took part in numerous activities held during Birthday Week, which was from March 13 to 18. Monday of this week was Campfire in the home. Tuesday was Campfire on the radio. Wednesday was Campfire in the schools. On Friday there was a party in the Central gymnasium for the girls from all over the city. In the evening, after this party, a three act play entitled "A Campfire Heroine" was given by Mrs. Anderson's group. Esther Faingold took the leading part. April 1, a city-wide banquet was given in honor of the former director, Mrs. Teal. Indian legends about trees were told by several girls, two of whom, Margaret Anderson and Alice Stryker, were from Central.

City wide and individual group hikes were enjoyed during the month of April, and also the Campfire Camp, Keewano Wohelo, was opened spring vacation, giving all the girls an opportunity to spend four days at camp.

Last fall the Campfire Girls of Grand Rapids planted, near Muskegon River, the first Campfire forest. This was noticed at headquarters in New York, and many cities followed the example. As a result, this year was set aside as National Tree Year.

Girl Reserves

THE Girl Reserves opened the year with a Faculty Tea, and later gave a Hallowe'en party. Their first work in the line of service began with making several articles for the Needle Work Guild. Then came the holidays, and at both Thanksgiving and Christmas time, baskets were distributed to needy families. In January a World Fellowship Campaign was held, and they furnished a doll to be sent to Japan. Many interesting programs have been held and a number of outside speakers have taken part. During the second semester, a tour was taken through the Press building, and an interesting visit was made to the Baloyan Rug Store. A most exciting time was had by all who attended the house party. Perhaps one of the most enjoyable affairs of the year was the Mothers' Tea, which was held at the Y. W. C. A.

The Deltathenian Club

THE Deltathenian Club is a new organization at Central this year formed for the purpose of recognizing those pupils in the high school who have distinguished themselves in some line of public speaking.

The membership is limited to those who have represented their school in an inter-high school debate, declamation, oratorical, or extemporaneous speaking contest, or who have successfully carried one important part in one long play or two minor parts in two long plays, staged by the school. The stage managers or property men who have creditably performed their duties are also eligible. Two one-act plays count for one long play.

The purpose of the club is to bring together students who are interested in the same things, both socially and in study.

Meetings are held every other week at which time short programs are put on by various members of the club. Of the two meetings a month one is a dinner meeting. The organization put on a dance for all present and former members of the public speaking department. The charter members of the club are Harry Young, Beatrice Loomis, Maebelle Hood, George Roseberry, Willard Wilcox, Alma Van Atta, Barbara Van Der Vort, Warren Daane, Tys Terwey, Maxine Nye, Carol Wheeler, Nydia Barken, and Leon Anders. Later on in the year, twelve new members were initiated.

Debating Teams

CENTRAL'S debating team has come through a semi-successful year, having won two of its four league debates. After two months of careful testing and selecting Mrs. Nistle picked Alma Van Atta, Max Crocker, and Tys Terwey to go against Holland. The team lost in this debate. Before the next debate frequent practice debates were held with the high schools of the city. In the meanwhile Warren Daane, a junior, in Mrs. Nistle's English VI class, had proven his mettle as a forensic orator, and so he displaced Tys Terwey, who was by this time working on the operetta. This team won unanimously over three brilliant Muskegon orators, thus taking revenge for Thanksgiving Day.

To this time Central had been on the negative of the question "Resolved: That the United States Government Should Own the Coal Mines." When the team changed to the affirmative Barbara Van Der Vort took the place of Alma Van Atta. The decision was two to one in favor of Union in our first affirmative debate. In the second affirmative debate, Max Crocker, who graduated in February, was replaced by Willard Wilcox. This debate was another victory for Central.

The city question was the same as the league question, but the type of debating was changed. The new Oregon plan of debating was employed. A silver trophy cup was offered for the winning boys' team and for the winning girls' team. Our boys' team was made up of Warren Daane and Willard Wilcox; and the girls' team—Alma Van Atta and Barbara Van Der Vort.

“Rings in the Sawdust”

THE Operetta, “Rings in the Sawdust,” was given Friday and Saturday, December 10 and 11. The character delineation, as well as the group of musical numbers was splendid. Maxine Nye portrayed the part of Sally, Friday evening, while Beatrice Loomis took the part Friday afternoon and Saturday evening. Maxine was at her best in her duet with Tys Terwey in “Nothing Can Part Us,” while Bunny was at her best in “Daddy Dear.” Tys Terwey, with his melodious voice, was good in the part of Toby Dunn, and Leigh Chatterson made an excellent though stern father. Irene Hill played the part of the merry widow perfectly, and Willard Wilcox fitted into the part of the little boy exactly.

Ann Louise Pearse, accompanied by a chorus of gossips was well applauded by the audience, while Harry Cheesebrough's “My Irish Mary” set many a heartstring to vibrating. He was assisted by a chorus of colleens, led by Adeline McKenena. Leon Anders, aided by a chorus of negroes, sent many feet tapping with his “Blubbidy Blues.” Jeanette Veatch and Margaret Coulson also sent the audience into peals of laughter.

The entire cast was well trained, the thanks for which go to Miss Goss and Mrs. Nistle.

The Boys' Glee Club

THE Boys' Glee Club of Central High School has taken a very active part in making the school term enjoyable and successful in the line of music.

The Glee Club sang at the Press Hall before the State Music Teachers' Convention and also at a banquet of the mothers of the Grand Rapids Boy Scouts. It has also sung many enjoyable numbers before the high school assemblies, and by doing this, acquainted the students with a little of the music work which is being carried on at Central High School in such a fine manner.

The excellent showing made by this Glee Club is due to the untiring efforts of Miss Goss, who has this year developed one of the best music departments of any high school in the city.

This Glee Club consists of boys whose voices are tested before they are allowed to become members of the organization. They wear uniform suits which consists of a blue suit coat, gold and white tie, white shirt, white flannel trousers and black shoes. This uniform helps to add the finishing touch to the Glee Club.

Since several of the boys in this organization will graduate this year there will be vacancies to be filled for next year.

First Row: Mona Arndt, Beatrice Loomis, Lois Sandler, Irene Hill, Nancy Frohne, Jeanne Stokes, Beatrice Farrell.
 Second Row: Mabel Brooks, Virginia Kathbone, Marjorie McClung, Dorothy Chapin, Jean Du Bois, Jeanne Whitman, Marian Absalter, Jean Jones.
 Third Row: Betty Anderson, Zelda Mac Naughton, Leona Stuart, Miss Goss, Jean Anderson, Katherine Oostdyke, Katherine Hollinger, Helen Williams.
 Fourth Row: Elizabeth Hurst, Isabel Pearse, Helen Weatherwax, Blanche Starr, Elizabeth Raymond, Jenalice Thompson, Mary Morton Crume, Helen Reinhart.
 Top Row: Margaret Coulson, Jeanette Veatch, Carol Wheeler, Maybelle Hood, Gladys Kugel, Eleanor Happel, Jane Chappel, Janet McCleod.

The Girls' Glee Club

THE Girls' Glee Club, which consists of forty selected voices, has had a most satisfactory year. The most pretentious undertaking of the year was the operetta, "Rings in the Sawdust," which was given in December. All the leads and members of the choruses were selected from the Glee Clubs.

Besides appearing at several school assemblies, the club sang before the State Teacher's Association, and an evening meeting of the Parent Teachers' Association. It also entertained the Professional Women's Club at the Woman's City Club. In May it entered the Michigan State Music Contest.

The Girls' Glee Club was uniformed this year for the first time. Their costume consists of a navy blue jacket, a white wool skirt, a gold tie, champagne hose, and black slippers.

Since many of the Glee Club girls are seniors, there will be an opportunity in another year for girls with good voices to have the honor of joining the club.

The Orchestra

THE Central High School Senior Orchestra is ably directed by Mr. Merwyn Mitchell, who also conducts several other school orchestras in this city. There are about forty students from the tenth through the twelfth grades enrolled in this orchestra. A smaller group called the Junior Orchestra, made up of about twenty-five students from the lower grades, is also directed by Mr. Mitchell. Both orchestras have made remarkable progress in the last year.

The school offers free instrumental instruction to all who desire to take up music. It also furnishes to the students the use of certain instruments free of charge. These generous offers allow some students to join our musical organizations who ordinarily would be unable to do so.

The Senior Orchestra has made several public appearances during the last year. Besides playing at numerous school assemblies, it furnished the music for the operetta, "Rings in the Sawdust." It played at the Parent-Teachers' Association banquet, and at the three one-act plays given by the Public Speaking Department and the Senior Class. These and other performances have won for the orchestra much favorable recognition.

The Band

THE Band started the school year seriously handicapped by the loss of many of its experienced players who had graduated. However, after intensive drilling both in playing and marching the new group, early in the fall, excited much favorable comment among the students who were glad to see Central's Band again organized.

New uniforms aided materially in the appearance of the band. Although these uniforms are not permanent, they are a great improvement over last year's. The assistance of the Athletic Association and other departments of the school have been of great value and have been greatly appreciated by the band members. It is hoped that a good foundation has been made to place Central's band on a level with the other bands of the city.

The band did its best in helping to win the football games by being present at all the home games and by accompanying the team on all its out-of-town trips. It also started a new custom by playing at several of the basketball games.

Central has been very fortunate in securing the services of Mr. Mitchell as director of her instrumental music. With four years experience at student director of the Simpson College Band at Indianola, Iowa, he has succeeded in making Central' band a well trained organization.

R. O. T. C.

GRAND RAPIDS has a Battalion of R. O. T. C. cadets consisting of three companies and stationed among the three major high schools. Co. A being at Central, Co. B at South and Co. C at Union. Co. A is the largest, having 89 cadets.

The Battalion is instructed by Major Williams, his assistant Sergeant Clawson, and the Cadet Officers. Uniforms and equipment are furnished by the government, the Battalion having approximately \$50,000 worth.

The course is planned so that at the completion of two years training a cadet can act as a second lieutenant of the infantry.

Each year a field meet, sponsored by the Army and Navy Club, is held. At this event the different companies drill in competition drill for a cup.

This meet arouses much interest in the drill and has done much for the R. O. T. C. in Grand Rapids.

On May 14 the battalion was inspected by Colonel Weeks, commander of R. O. T. C. in the sixth corps area. He commended the cadets on their very attractive appearance. For five years Central has held the distinction of having the cleanest company in this area.

Military Police

THE Military Police is a new organization in Central this year. It consists of a group of twenty-seven picked cadets from the R. O. T. C. company. The cadets are picked by a board consisting of the five commissioned officers of the company.

This section of cadets is divided into squads of nine each. Each squad is under the command of a commissioned officer and is on duty for a week.

It is the duty of the Military Police to keep order in and about the school, to keep order in the halls especially at noon, and to carry out the orders of the Principal.

The membership of this organization is kept select. A cadet being suspended for disobeying the rules.

It is hoped in the future to extend this organization to relieve the teachers of much of the work which now makes their positions burdensome.

It is the honorary organization of the R. O. T. C., and as such, it gives the cadets an incentive to work harder.

The Military Police have proved very successful considering the short time they have been in existence. The students, also, should be complimented upon the way in which they have co-operated with the Police, for if the students had not co-operated fully the experiment could only have been a failure.

WHEN Coach Coryell put in the call for football candidates, the boys that responded looked mighty small and light. Of last year's team only Captain Roseberry, Montez, Simpson, Jones, Gorman, and Brockmier were able to respond. This lack of good material makes the feat that Sherm achieved all the more astounding. That bunch of green, light boys stepped out on Houseman Field and did something that no Central team has done for ten years—they won seven straight games from some of the strongest teams in the state, losing only to the city and state champions!

The opening whistle of 1926 season found Vicksburg lined up on the opposite side of the ball. Vicksburg put up a good fighting game, but they could not cope with the driving power of the Centralites. That "weak, green team" piled up 36 points to Vicksburg's 0. "Rosie" proved himself a master field general in this game and ran the team to the Queen's taste. Harp, Montez had some hard luck and split his hand, this injury keeping him out of the game for three weeks.

The first city game found Creston opposed to the Gold and White. The younger school put a good team on the field and for about ten minutes it looked as though Central would be lucky to win; however, superior experience and team work plainly showed after that and in the second half Creston was on the defensive all the time. The final score, 19 to 0, might have been more if the game had been ten seconds longer, as the ball was on the one foot line when the final whistle blew. Creston had a good fighting team and much may be expected of them in future years.

With only these two games under its belt, Central tackled Lansing, avenging last year's defeat by trimming them 6 to 0. The "Big Reds" lived up to their name, they sure were "Red." The Central-Lansing game of 1926 was said to be the best football game ever witnessed in Grand Rapids. This

game was marked by hard, clean playing by both teams. Twenty-two men were on the field, and every one of them gave his all. Several players dropped to the ground when the final gun went off and were carried exhausted from the field. A pass, Roseberry to Jones, netted the one and only touchdown in the game. Al. made a pretty run on that pass and deserves a lot of credit for it.

The much-talked-of and highly-touted Catholic Central team showed their wares next at Houseman Field. The Catholic team outweighed Central by fifteen pounds per man, and this weight told in the first quarter, when Catholic pushed over a touchdown for six points. Central's superior generalship, condition and fight came to their aid, however, and the boys chalked up two counters in the last half for a final score of 13 to 6. Central seems to hold a jinx over Catholic, as they have yet to defeat us in any sport. Long may the old jinx hold and woe to the Gold and White team that loses to Catholic!

By this time the Central team was beginning to loom as a title contender, and the wise-acres about the state were thinking that possibly Central, after years of lesser teams, had procured a winner. This prediction was nearly knocked out, as the dope often is, by Battle Creek. Perhaps the boys went down there a little bit "cocky". In any event, they lacked the fight that wins football games and had a close shave. After three periods of very mediocre football, Central got sore, and pushed the ball to Battle Creek's seven yard line. They seemed to slack up again and a drop-kick was resorted to, Koets neatly booting the ball between the goal posts for the precious three points which were all either team was able to get. This win on an out-of-town field broke a jinx of ten years standing, as before this game Central had not won a Class A football game away from home for that length of time.

The close Battle Creek game, coupled with a real old-time mass meeting,

seemed to put pep in the boys for the South game. South has been in the habit of beating us for the last few years and freely predicted that they were going to repeat their success. This made their dose all the more bitter, as they had to take their medicine, for Central won, 13 to 6. Central started the game with a rush and Graves got a touchdown a few moments after the first whistle, but South then stiffened and pushed over one for itself. Central got another touchdown in the second half, putting the game on ice.

By this time Central was beginning to get state-wide notice by its sensational winning streak. Although it was freely predicted that Central would handily defeat Kalamazoo, a team of ups and downs, Sherm figured that the old out-of-town jinx might beat his team. His fears were dispelled, however, by a 25 to 0 score. Central's offense was at its peak that day. The team was working like a big steel machine and it would have taken more than the average team to hold it. This score of 25 to 0 was the highest Class A score gained by Central this year.

The next week marked the first defeat of the year for the Central team. A pep meeting was held before the game and the dope was all set for a Central victory, but again the dope was upset, and Union triumphed over the cohorts from the Hill Top school. Union outweighed Central, but we were reputed to be the smarter team. The Gods of Chance were against us, however, and gave us a wet field on which the heavier team clearly showed its superiority by defeating Central 7 to 0. There was a fine, friendly spirit shown all through the game by both players and spectators, thereby giving more proof of the friendly relations existing between Union and Central. Rocky Parsaca, Union's all-state quarterback and captain, had much to do with Central's downfall. Rocky surely is a sweet ball player.

The climax of the season for every Central team is the Muskegon game. All year the players point toward November 25 as the day of their lives. Muskegon, the old rivalry existing between Central and Muskegon is dear to the heart of every true Centralite, and how we long to beat you! But it was not written in the stars that this great event was to come about this year. Muskegon won, 19 to 0. Central played poorly the first quarter, and when they found themselves, it was too late to stem the tide of defeat. A great crowd jammed old Hackley field to the gates and a fine spirit was shown by both sides as the game progressed. This game will not pass down in history as a great Muskegon game, but after the first quarter it was a good, hard fought game, worthy of the name "The Football Classic of Western Michigan." Muskegon won the state championship, and we congratulate them.

Thus ended the most successful football season a Central team has had for ten years. True, we did not win a championship, but we won seven out of nine games against strong opposition. Coach Coryell deserves a lot of credit for the way in which he developed the team this year and for their wonderful record. Harper Montez, Johnny Gorman and Al Jones were placed on the Herald's all-city team. Al was also placed on Dick Remington's second all-state team. "Rosie" was a great captain and his fighting spirit carried the team through many a crucial situation. These men, together with Graves, Simpson, Mee, Jaehnig, Russell, and Brockmier on the line, and Koets, Peck, Hicks and Ike Koning in the backfield, made the Central football team of 1926 one to be written in letters of gold in Central's Hall of Fame.

THE OLD GYM

CENTRAL had several veterans at the start of the season, but two of the best, George Roseberry and Earl Gillette, graduated in February.

The season opened with a game with the 1917 State Championship team. The game was hard fought throughout, but the 1917 bunch won out in the second overtime period by a score of 29-27. The next game was with the 1924 alumni who also won in an overtime game—33-31.

The regular season started on January 7, with Creston, City Champions. Creston had a hot bunch of ball players, but "Rosie" was going well and had much to do with the 22-21 win. Catholic Central furnished the next opposition for the Gold and White and the Catholic jinx held good as Central won 23-12.

Kalamazoo Central, with a team reputed to be the best in the state, journeyed up to the Hilltop gym and absorbed a 23-20 beating. Kazoo must have had an off night as they surely had a good bunch. The next night Ottawa played host to Central and furnished the older school a bad scare as they were ahead at the half, but Graves got hot and started throwing the ball through. The rest of the boys took heart and the final score read 21-12.

THE NEW GYM

The next week Union was entertained by Central and defeated 32-23. Union, however, avenged this defeat later in the season when they fought their way to a smashing 18-23 victory over their friendly enemies, Central. Muskegon, with the greatest team in the history of a great athletic school, administered the first reverse of the regular season for Central by a 21-40 score.

The South game at South is always a big affair as it is the annual South Senior night. A big time was had by all—the South fans as they won 14-16, but Central came right back with a Central Senior night for the next South game at Central and with the help of the most spirited rooting heard for a long time in our gym, turned back the South tide to the tune of 17-12.

Catholic Central again ran into a snag and were sunk, 26-11 when they hit Central. This game was better than the first as the play was faster and cleaner throughout. The next place on the schedule was occupied by Creston whom we had defeated once already during the season. Creston, without their Captain, played inspired basketball, while Central put up a very poor

showing. The final score was 7-33 and Creston thoroughly deserved the overwhelming victory.

Kalamazoo Central again faced the basketeurs of Central in a game at the Celery City. Kalamazoo avenged the previous defeat by a 22-20 score. It is worthy to note that with two minutes to go, the score was 26-16 in favor of Kalamazoo, but Central shot three baskets in that length of time, thereby giving the Kazoo supporters quite a scare.

Again we journeyed up to Muskegon and proceeded to absorb a defeat. For a while it looked as though Central would give them a good run, but the cool, deliberate game of the wonderful Muskegon team finally forged ahead until they had a safe lead. They then seemed to rest and Central gained, but Muskegon won nevertheless—17-38. The next game, however, was more to the taste of the Central fans. Ottawa succumbed again to a 36-23 beating. Coach Coryell used his "juniors" in this game and they came through very well. The "juniors" will all be back next year and should give any team they bump against plenty to worry about.

Our new rivals, Lansing, was the next team on the schedule. Neither Lansing nor Central has won a game on the other's floor since we have started to play. Lansing kept up the record by beating Central 18-13 in a fast good game. The second South game completed the regular schedule. In the Kalamazoo tournament Central was unlucky enough to draw Holland, the only conquerors of Muskegon. Holland disposed of Central by a score of 13-24, thereby drawing a curtain on the 1926-'27 season. This season was successful as we lost 7 and won 8 games. Of course, we could have won more, but the loss of "Rosie" and "Gillie" was a serious blow. "Sherm" deserves a lot of credit for his team this year as they always played a good, clean, sportsman-like game.

The second team had an excellent season, being crowned City Champions. The first part of the season the "juniors" were the second team, but later as they showed their worth, "Sherm" advanced them to his first squad. Congratulations seconds!

THIS year has seen a great growth in the intramural sports at Central. Where formerly only basketball and indoor leagues, tennis, golf and track meets were listed among the activities of the Intramural Department, this year has witnessed a marked increase both on the number of activities and number of students participating.

To better handle this enlarged program the Central Intramural Club was organized. All students who take part in any one of the activities are listed as members. The dues run from ten to twenty cents, depending upon the activity participated in, but in no case does the individual pay more than twenty-five cents for the school year. To offset these dues members are able to buy balls and equipment at a discount.

To head the Intramural Club, the Central Intramural Council was formed, consisting of faculty and student members. The faculty representatives are Mr. Albee, Mr. Barber, Mr. Hansen, Mr. Robinette, and Mr. Wright. The student members are the room secretaries and the room captains of the various sports during the time their particular activity is being carried on. The main purpose of the Council is to carry back to the individual members of the Club all information regarding the time and place and rules of the various activities and in this regard the Council functioned very well.

INTER-CLASS CHAMPIONS

First Row: Abe Ginsberg, Irving Burke, Frank Phillips.
 Second Row: Dawson Linn, Dick Sinke, Cornelius Koets, Gerald Miller, Ralph Conger.

Joe Russell was elected president; Harvey Olsen, vice-president; Robert Hefferan, secretary-treasurer; and Wayne Simpson, Student Intramural Manager.

The Junior High Room Volley Ball Championship was won by the team from 304, captained by Earl McGee, assisted by Douglas Emery, Roy Knecht, Joy Robinson, Glenn Le Pard, Robert Alexander, Robert Mauk, and Everitt Smith.

The Junior High School Championship Volley Ball League was won by Silas McGee's team, consisting of S. McGee, Douglas Emery, Carl Henrickson, Kenneth Vanderstolp, Howard Teachout, and Royal Evans. They received Junior Circle C's as rewards.

The Junior High Room Swimming Meet was won by Room 218 through the work of Lyle Hall, Robert Switzer, Harold Thompson, and Edward Rice.

Despite the unfavorable weather one skating meet was held at Reed's Lake. The Junior High Division School Championship meet found Bursel Lewis, Herbert Linke and Karl Henrickson winning J Circle C's for first places and Robert Switzer, Morton Freidman, Lloyd Hardesty, Leslie Sprague, Bill Humphrey, Charles Barbey and Charles Judy winning class numerals for second, third, or fourth place.

SCHOOL BASKETBALL CHAMPIONS
 Standing: Willard Gentz, Verne Hufford, Dick Sinke, Earl Gillette, Ralph Conger.
 Kneeling: George Roseberry.

An inter-room indoor baseball, two horse shoe, and two tennis tournaments composed the rest of the Junior High intramural activities for the year.

In the Senior High Division, Inter-room, Inter-Class, and School Championship Basket Ball Leagues were formed and a most successful year was had, 87 boys putting in almost 500 hours of basket ball competition. Session Room 136 won both the first and second semester room championship. Robert Ewing captained the first semester's team, consisting of Ewing, Bruce Peck, Russell Martin, Robert Frost, Howard Jaehnig, and Harper Montez. The second semester team was the same as the first semester except that Bruce Peck was the captain and Montez was lost through transfer to Room 112.

The Inter-Class Championship provided the upset of the season. The Seniors defeated the Sophs 12-10 and the Juniors, practically the same team that won the Room Championship, walked away with the Freshmen 38-7, but in the final game, the Seniors nosed out the Juniors 18-15 to win their class numerals. The seniors were captained by Burke ably assisted by Gerald Miller, Herman Anderson, Cornelius Koets, Richard Sinke, Dawsen Linn, Harper Montez, George Brockway, and Frank Phillips.

In the School Championship League teams were captained by Geo. Roseberry, Earl Gillette, Cornelius Koets, Russell Martin, Bruce Peck, Robert Ewing, Irving Burke, and Richard Sinke. Roseberry had a combination that

CHEER LEADERS
Abe Ginsberg, Earl Gillette, Ted Frieling

could not be stopped. Capt. Roseberry, Sinke, Hufford, Gillette, Payette, Montez and Irwin composed the winning team and were awarded gym jerseys with circle C's, emblems of school championship.

- Inter Room, Inter Class, and School Championship Volley Ball Leagues were run off immediately after spring vacation as were Indoor Base Ball Leagues for Inter Room, Inter Class, and School Championship. The final activities of the year were two horse shoe tournaments, two tennis tournaments, three swimming meets and three track meets.

The tennis activities deserve special mention. Along with the two tournaments for those in school, inter school meets with all the local high schools as well as outside cities were held.

I wish to express my appreciation and that of the Central Intramural Club to the Athletic Board of Central for the grant of funds for shields for the various sports, which will be hung in the gym, as well as for money necessary to carry on this program; to Miss Temple and her willing assistants in sewing classes who put in a great deal of time cutting out letters and numerals; to Mrs. Bohlen and her art classes who lettered the shields, and also to Mr. Epps and his class for designing numerals.

Director of Intramurals.

 Top Row: Margaret O'Connor, Eleanor Price, Gale Saunders, Carol Wheeler, Janet McLeod, Grace Pleune, Eleanor Jongjan, Marian Lamb.

ALTHOUGH the girls were somewhat handicapped this year by their limited use of the gymnasium, they had made a very profitable showing in athletics.

Hockey

VERY little hockey was played this year, as the muddy condition of the field made practice impossible. Undaunted by this change, the girls chose volley ball teams, and played a series of games to determine the volley ball championship. Gale Saunders captained the seniors, who were victorious over the Juniors, captained by Ellen Mosher.

Numerals and Letters

THE girls who earned their numerals, letter or all-city honor have shown their loyal school spirit, for these honors are won only after long hours of practice and training. The point system has been rearranged so that 1,000 points are required for a numeral, 2,000 points for a letter, and 3,000 points for an all-city honor. A girl must have a class numeral before she can receive a school letter. She must have a school letter and be a senior before she is eligible for the all-city honor.

BASKETBALL

First Row: Barbara Vander Vort, Marian Lamb, Alice Howard, Clessone Fassett, Anne Pearce, Grace Pleune, Eleanor Jongjan, Jean Jones.
 Second Row: Margaret O'Connor, Hope Dunakin, Gale Saunders, Virginia Tuttle, Lulu Taber, Charlotte Simpson, Iyone Nagelkirk, Gertrude Cook, Georgia Meade.
 Top Row: Beatrice Loomis, Dorothy Hedstrom, Miss Maxwell, Carol Wheeler, Mrs. Mitchell, Maebelle Hood, Beatrice Farrell, Margaret Coulson, Jean Mac Naughton, Margaret Frieck, Eleanor Price.

Basketball

MUCH time was spent in basketball practice on the Tuesday nights before the final series of games were played. Much valuable knowledge of the technic of the game was learned under the capable instruction of Miss Maxwell, who explained the difference between boys' and girls' basketball, and also the newly acquired rules of the game. Gale Saunders, Anne Louise Pearce, Hope Dunakin, and Dorothy Hedstrom, were chosen to captain the teams, and a series of games were played.

The following team triumphed as champions: Dorothy Hedstrom, Jeanette Veach, Grace Pleune, Eleanor Price, Margaret Coulson, Margaret O'Connor, Kathryn Oosdyke.

Swimming

SWIMMING classes have greatly increased in number, and during the past year many of the Beginners, Intermediates, and Advanced passed the Red Cross Life Saving tests, and also mastered various intricate strokes and dives under the capable instruction of Mrs. Mitchell. The Advanced class has some very capable swimmers and divers, including Dorothy Hedstrom, Jean Helmer, Beatrice Farrell, Virginia Richmond, Virginia Tuttle, Jeanette Veach, Barbara Van Der Vort, Grace Pleune, and Marian Lamb.

Inter-School Meet

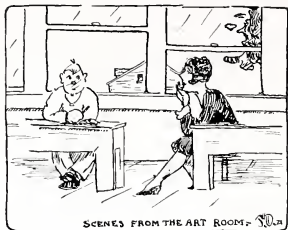

DURING the last semester the Senior High girls spent many hours in their gym classes working on the big event of the year—the Meet. Each girl worked to obtain points in the various events of stunts, hurdles, relays, basketball distance throw, target throw, tennis serve, and hop, step, and jump. The high point winners of Central competed with the winners from the other schools to determine the champions of the Meet.

Agona Athletic Association

THE Agona Athletic Association is open to all girls who come up to its high athletic and scholastic standards. If a girl desires to be eligible for membership, she must come out for three-fourths of the practices of either basketball, hockey, swimming, or indoor baseball; work for her numeral, "C", or all-city honor; and pass before the scholarship committee of the association.

And not to be outdone, Elizabeth
 Clarke said: "She was only a tailor's
 daughter but she suited me."

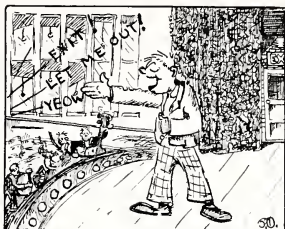

Lucille De Boe: "Are there any
 great men born in this town?"

Dorthea Blinston: "No, only babies."

Kathleen Millington: I have some
 debutante teeth.

Bill Mulliken: How's that?

Kay Millington: They're coming

They hoped, it is said, to do everything well

So in Central's dominion they proceeded to dwell.

They picked up the Stuarts, both Leona and R.

And forward toward learning they ventured quite far.

For leader, E. Whitman was chosen one day,

T. Hewitt, the spokesman, was then heard to say:

"If this group wants victory, some men we must find,

Women Who
"Get things done"
use the carpet-sweeper

THAT'S a fact, and the reason is that nothing takes the place of the carpet sweeper for daily cleaning. Good Housekeeping Institute and other authorities say the carpet sweeper is in a class by itself. For quick, thorough cleaning, you whisk a Bissell over the rugs and presto! the worst of the morning's cleaning is done.

With astounding ease, the modern Cyco Ball Bearing Bissell cleans the rugs quickly, thoroughly. Fine revolving bristles pick up every speck of dirt, lint, dust and crumbs. No noise, no

mess. Rubber bumpers protect the furniture. A thumb pressure empties the sweeper-pans.

Keep a Bissell on each floor as many women do. Then you'll save steps—and time.

The cost of the first half-dozen brooms it saves pays for a Bissell which lasts for years. Play-size Bissells for a few dimes. At department, housefurnishings, furniture and hardware stores.

Booklet of Bissell Models, or suggestions for proper care and use of your present sweeper—on request.

To-Day's Business Office

The young man on the threshold of business life today will not find his accomplishments handicapped by the old style, cumbersome, inefficient and depressing type of office furniture used by his forefathers. Today's offices can be, and should be, bright, cheerful and more efficient settings in which you can do better work. They can also be a standing reflection of your personality—a background which will have the proper psychological effect on people with whom you do business.

And—most interesting of all—you need not leave Grand Rapids, where the fine furniture originates, to procure the highest type of present day office furniture creations. In our factory of over 300,000 square feet of floor space, we are producing nine splendid designs of executive furniture as well as a complete line of Steel Files, Steel Desks, Steel Safes, Sectional Bookcases and Filing Equipment Supplies.

"DINO-FOLD"

It comes completely put together in one unit and is as easy to fasten to the wall as a bathroom fixture. A screwdriver is the only tool required. There are just four screws to set in holes already bored, and DINO-FOLD is ready for use.

DINO-FOLD is light and easy to operate; yet it is a strong and roomy dining set with two sturdy benches, which seat four people conveniently. It can be folded up instantly so that it projects only four inches from the wall. There is nothing to get out of order or cause trouble.
